

LANCASTER MARSHAL
BADLY SHOT BY NEGRO

Visitors Here Court Day Tell Conflicting Stories of Affair—Chance For Recovery.

Luther Herron, City Marshal of Lancaster, lies at the point of death in the hospital there as a result of three bullet wounds, inflicted by Robert Strange, a negro, with the officer's own pistol. The fatal affair took place late Sunday afternoon, and caused a big sensation.

Visitors coming to Stanford from Lancaster Monday, told several stories of the tragedy, one of which exonerates the negro to a large extent, while the other makes the ace look bad for him. According to one story told, the Marshal was called down to the "Clint" the negro portion of Lancaster, on Sunday afternoon. Some one phoned to the officer that John Gibbs, another negro, had been slapping a woman. The officer went to the scene at once and found Gibbs with the Strange negro. Both are said to be very worthless characters. Marshal Herron attempted to place Gibbs under arrest, when he ran off, and the Strange negro is said to have laughed at the officer. The latter reproached him and upon his becoming insulting and abusive, placed him under arrest. The Strange negro protested that he had not harmed the woman, but the officer took him in charge for his insolence, and started to the jail with him. They had gone but a short distance when the prisoner tried to get away, but the officer drew his revolver, and subdued him. Mr. Herron is said to have placed his gun under his left arm and started on again with Strange, when the negro grappled with him, suddenly seized the gun, and stepping back fired four shots in quick succession at Mr. Herron. Three bullets struck him and he went down in a heap. One bullet entered about the temple and penetrated his head, another also struck the head and the third struck him below the heart, ranged upward and came out under the right shoulder blade.

According to another story which visitors here Monday told, the officer became angry when a number of negroes loitered near the jail, and he ordered Strange, the closest to him and told him that he would arrest him. Strange is said to have tried to get away but the officer drew his revolver and threatened to kill him if he ran, meanwhile hitting him over the head with it, and is said to have threatened to take the head and the third struck him below the heart, ranged upward and came out under the right shoulder blade.

So far as known the only eyewitnesses to the affair were negroes, and the exact and true story of the unfortunate affair will probably not be known until the trial is held.

It is said that immediately after the shooting that Strange ran to the jail and told jailer Ross to open up for him and put him inside; that he had probably killed Mr. Herron down the alley and somebody had better go down there after him. He also handed over Herron's revolver and was locked up on the head merely causing a scalp wound on top of his head. The belt which penetrated his body, went in under the heart, but did not enter the hollow, striking a rib, and being deflected around to the back, coming out under the shoulder blade.

Marshal Herron came to Lancaster from Harrodsburg where he had been chief of police. He has officiated in like capacity in the Garrard capital for a number of years and was regarded as a first class officer.

Bull Moose Won't Take the Bait

A dispatch from Louisville to the Lexington Leader, the only republican daily paper in the State, said Saturday: By the adoption of a resolution urging the nomination of a candidate for United States Senator for Kentucky and nominations for Congress from each of the eleven congressional districts, the fifth district Progressives, at a meeting held at the Galt House last night, indicated strongly that they will entertain no proposition from the republicans from Louisville and throughout the State looking to an amalgamation of the two parties. The meeting was presided over by Burton Vance of the district committee, and was well attended. The conference held by the Republicans at the Galt House Wednesday night, at which it was suggested that a committee be appointed to wait upon the Progressive leaders with a proposition that if the Progressives would agree not to nominate a candidate for United States Senator from Kentucky the Republicans would make no congressional nominations from the fifth and probably other districts, was discussed informally by the Progressives last night, following which the resolution referred to was adopted unanimously. A number of speeches were made, the tenor of all being that there is to be no compromise with the Republican party on the part of the Progressives, that party organization preferring to go it alone in the coming election.

Horse Hurts Garrard Child

The two-year-old child of Mr. and Mrs. Frank Rogers, of Point View, all section of the county, was pawed by a horse while playing in the yard at its home. The mother of the child was also hurt by the animal when she ran to her little lad's assistance. The horse kicked her, inflicting very painful injuries about the hips and lower limbs.

Take Plenty of Time to Eat

There is a saying that "rapid eating poulters down the food" and it is the habit of eating too rapidly who are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all dealers.

STRONG IN LOUISVILLE
Beckham's Friends Making Strong Organization in Falls City

(From Louisville Post)

Political developments of great significance came Thursday morning when it was announced that the Louisville supporters of former Governor J. C. W. Beckham for the Democratic nomination for Senator have united to perfect one of the strongest and most aggressive organizations that was ever formed in Louisville for any candidate, which includes not only dozens of the most influential political leaders of the local Democratic party, but lawyers, bankers and business men of much prominence.

At the request of Mr. Beckham, communicated through his State managers and who the concurrence of all the men who have decided to become active for Mr. Beckham in the Louisville district, Mr. Edward P. Humphrey was Thursday morning requested to accept the chairmanship of the Beckham campaign in the city of Louisville, and he accepted for reasons given below.

Among the men who are expected to take an active hand in crystallizing public sentiment for Mr. Beckham are Mr. E. P. Humphrey, chairman of the Board of Safety; Mr. James B. Brown, vice president of the National Bank of Commerce; County Clerk Pres. Ray, Judge A. H. Humphrey, Judge Matt O'Doherty, Mr. W. W. Davis, County Attorney A. Scott Bullitt, County Jailor Charles C. Foster and dozens of others.

For a number of weeks Mr. Beckham has been receiving the most encouraging reports of the strength of the sentiment behind him in the city of Louisville. Tuesday of this week he communicated a request that Mr. E. P. Humphrey be asked to accept the chairmanship of the local campaign. This suggestion was immediately accepted by Mr. E. T. Tierney, Mr. Brown and the other active friends of Mr. Beckham. Mr. Humphrey made the following brief statement to the Evening Post reporter:

"I have agreed to accept the chairmanship of the campaign for Mr. Beckham in Louisville for these reasons: I wish to help in bringing to the Democratic party in Louisville but the whole city in closer touch with the prevailing sentiment in the State of Kentucky. Of the overwhelming strength of Mr. Beckham in the State there is no question. It appears that he has almost equal strength in Louisville. We will show in this campaign that Louisville is determined to keep step with the State."

Mr. E. T. Tierney said: "I declared for Mr. Beckham for the Democratic nomination for Senator some weeks ago, and I have been astonished by the strength of the Beckham movement in Louisville. This is confined to no one class. Dozens of the strongest politicians are for Beckham, but equally significant is the fact that men who have heretofore refused to have anything to do with political organizations have agreed to take part in a sixty-day campaign for Mr. Beckham, and I believe that by a majority running up into the thousands. Now that Mr. Humphrey has accepted the chairmanship, we will at once open local headquarters, secure a campaign secretary and office force and organize Louisville for Beckham from the first ward to the twelfth."

Mr. James B. Brown is like Mr. Humphrey and other men who propose to be active in the Beckham campaign. Mr. Brown is rarely able to give more than a fraction of his time to anything but his governmental matters, but he considers Mr. Beckham so much the strongest man available for Senator and his nomination so important to Louisville, that he will assist in the campaign from the beginning.

Mr. W. W. Davis said: "I have been several times interviewed by gentlemen who wished me to support a progressive for United States Senator, but I have told them that I am a Democrat and am for Mr. Beckham for Senator and Mr. Sherman for Congress. Mr. Sherman is strongly approved and I have always had the greatest admiration for Mr. Beckham. I am a Democrat and will vote in the primary for Beckham and Sherman and in November for the same candidates."

County Clerk Pres. Ray, one of the most influential politicians in the Democratic party in Louisville, declared for Mr. Beckham in the most emphatic terms Thursday morning and expressed much gratification of the success of the Beckham men in enlisting many men of prominence in the Beckham campaign. "I think the nomination of Mr. Beckham the best thing for the State and the best thing for the Democratic party. His nomination will hold in our party all of those former Independents we have secured by giving a good local government to the people of Louisville and keep Louisville at the primary."

Mr. Ray's open declaration for Mr. Beckham created something like a panic among the few McCreary and Stanley men in the court house.

As stated some weeks ago, Judge A. P. Humphrey has communicated to Mr. Beckham his best wishes in the campaign and his assurance of support. County Attorney Scott Bullitt, who was appointed Sheriff in 1907 by Mr. Beckham, also stated that he is supporting the former Governor.

Judge Matt O'Doherty in an active supporter of Mr. Beckham.

It is not too certain that Mr. Frank Dugan, who is everywhere recognized as one of the most capable organizers inside the Democratic party in the city, will assist in organizing the Beckham campaign. Mr. Dugan is considered by many the most thorough and able organizer in Louisville, and he has hundreds of friends.

Another stalwart Louisville Democrat who is now an ardent advocate of Gov. Beckham is Mr. John J. Barry, who is chairman of the Fourth and Fifth Ward Committees.

Mr. Barry has the record of having never failed to carry the Fourth and Fifth wards in a contest.

Mr. Barry says he intends to make the campaign of his life for Governor Beckham, and that he will set a new mark in the Fourth and Fifth wards.

McCreary in Bad in Clark

Governor McCreary has anticipated the death of James H. Evans, Judge of Clark county, who is in poor health, and agreed to appoint John M. Stevenson, as his successor. This action of the Governor was met with indignation by the gun was loaded at both ends for political reasons, but it seems judged Evans and his friends are highly incensed over the matter and will show the old war horse that there are other politicians in Clark county. It looks as though the estate of the late Lincoln Democracy, is to use a homely expression, getting in worse every time he makes a political move. It's a pity some Daniel does not arise who can give the Governor a true interpretation of the handwriting on the wall—West Liberty Courier.

MOVING PICTURE SHOW

Will be Put on at Big Exposition to Advertise Kentucky

A unique plan for raising funds for the erection of a Kentucky building at the same time advertise Kentucky's resources and reveal the home life in this state, has been adopted by the State Commission. The plan is a moving picture exhibit. Those who wish to be present in the moving picture show in the Kentucky building will be charged according to the number of feet of film they use. F. S. Hendrick, of the Washington Post staff, will make the pictures. He has already secured a similar contract in Alabama, Georgia, and Tennessee. Senator Starling Marshall, of Henderson, and Representative Harry Myers, of Covington, members of the commission, gave their proxies to Chairman John Holland, who called on Governor McCreary in company with Mr. Hendrick and Jules Guthrie, representing the exposition company. Mr. Holland expressed the belief that \$60,000 be realized out of the venture. The Kentucky building will be made as homelike as possible, a rendezvous for Kentuckians at the exposition. The department of education, forestry, geological and agricultural exhibits are planning, as well as many of the industries of the state. A room will be devoted to the moving picture show which will be a continuous performance, and is expected to be one of the most valuable sections of the exhibit. Kentucky homes, fields, factories, schools, mines, political meetings, distilleries and all the commercial activities of the state will be represented.

UNCLE OF HARVE POYNTER
A Fine Old Veteran, Dies in Laurel County at Advanced Age

Bowling Poynter, uncle of Harvey Poynter, of the Walnut flat section of this county, died last week at his home in London, aged 76 years. He was born in old Sinking Valley, Pulaski county, May 18, 1838 and died of apoplexy at the home of his son Dr. W. H. Poynter at London.

When he was a small child, his father Jas. Poynter, moved and settled near Rockcastle Springs, where he spent his boyhood days and early manhood days. A good place to be born—free, independent, patriotic, jealous of the name Kentucky and its motto, "United we stand, divided we fall." When our country was rent in twain, and a call to arms was made, Bowling Poynter responded promptly, and served efficiently in the union army until he was discharged at Nashville for disability, and there he lay an invalid in the hospital for several months. After partially recovering he went on foot to Bowling Green, and by train to Louisville, where he was under care of physicians for a few weeks before returning home, by train to Lexington, by stage coach to Danville and Stanford to Somerset, then by foot to Rockcastle Springs. After a few months he sufficiently recovered to enlist again with the government and this time in the wagon service between Camp Dick Robinson and Cumberland Gap, over the old Boone Trail, or Wilderness Road.

The name Poynter is closely connected with the early history of Kentucky.

John Poynter, together with two of the brothers, landed from England at Cape Henry, Norfolk, Va., about 1770. "The Great Woods," known as the Transylvania Country, and later Kentucky, was known far and wide among the early Virginia Colonists. Boone had blazed the trail, via Cumberland Gap, which was easily followed, but hazardous and dangerous on account of so many hostile Indians. For protection immigrants came in groups as military companies, under captains. Thus, thirty-six strong brave men under the leadership of Captain John Boyle, of 1780, allied by common agreement and using the motto which later became the motto of our state, "United we stand, divided we fall," settled on Dick's river, now Crab Orchard, Lincoln county. John Boyle, a son of John Poynter, leaving his brothers to settle in Virginia, was one of the thirty-six and he remained here the rest of his life. He married and raised a large family. Jesse Taylor, Peggy Bradley, John, Jesse, John and Jas. Poynter. After his death his widow, Mrs. Wm. Henry, Bowling, Nancy Stevens, Joseph, Jas. H. Elizabeth Steele and Christine Brown Storm. Bowling was married to Matilda Storm in 1865 and he was the grandfather of Wm. H. Christy Gains, C. E., J. M. Kate, C. C. and May Smith.

Lincoln Man Invents Grass Stripper

L. C. Dunn, the well known farmer between Hustonville and Mt. Salem, was in town Monday making arrangements for the grass stripping in this part of the county. Mr. Dunn has been in the business for 20 years and says that he looks for a splendid crop of grass seed this year. Mr. Dunn has invented a stripper which is a big improvement on the old style hand grass strippers. It is cleaner and better than anything yet seen on the market. He has applied for a patent for it and expects it to be granted any time. As soon as he gets it patented and properly placed on the market for the grass growers, he plans to retire and turn the business over to his sons, who are a great help to him in the business. Mr. Dunn has many friends in this part of the county who are always glad to see him when he comes to town.

Wilmore Weather Prophet

The Wilmore Enterprise says that Col. W. H. Johnson, popularly known as "Free Silver," Johnson formerly of Lincoln county, has all the weather prophets beaten to a frazzle (excuse the Rooseveltian phrase) when it comes to forecasting the rains and the state of weather in the outskirts of town for several months. The Col. is an adept in weatherology, and his forecasts are based on meteorology, that branch of physics which observes and registers, classifies and compares the various and varying phenomena of the atmosphere in connection with heavenly bodies.

Wilmore Booming

Bolivar, Bond, real estate agent and auctioneer, left Versailles Monday at 1 P. M. to visit Wilmore and sold 14 lots in the outskirts of town for Messrs. Jones, Savage & Hinkle for \$3,372.50—an average of about \$241 each—and was back home soon after 5 o'clock. This was just an ordinary feat of hustling for Col. Bond. Wilmore, he says, is the most remarkable town in the state, growing every day, and has a great future. Property there, is in strong demand and "Methodism is the cause of it," says Col. Bond. Most of the lots sold Monday were bought by outside people, who will locate at Wilmore on account of the school—Woodford Sun.

BLOCKADE OFF AT TAMPICO
Huerta Suspends Order Which Brings Relief to Washington Officials

Washington, June 8.—Rear Admiral Badger cabled the Navy Department late to-night that the Mexican Federalists gumbatos Bravo and Zaragoza left Tampico for Puerto Mexico at 4 o'clock this afternoon. Orders from Foreign Minister Ruiz at Mexico City transmitted from Vera Cruz to Tampico by the wireless instruments of American warships, gave the Mexican commander their first news of the suspension of the proposed blockade of Tampico and directed them to return to Mexico.

Gen. Huerta's order today suspending the order to blockade Tampico against the delivery of ammunition by the army Antilla to the Constitutionalists served to dispel apprehension over a new crisis between the United States and the Huerta Government which had threatened mediation of Mexican affairs. Though Washington officials expressed satisfaction over Huerta's action, it was persistently suggested outside of official circles that the blockade had been suspended only conditionally as a result of conference between the South American mediators and the Mexican and American delegates at Niagara Falls, and that the Antilla's cargo of arms might not be delivered at Tampico at this time. It was said the Antilla might be delivered in her course through an agreement with officials of the United States her owners and an American corporation.

News of the Churches

Children's Day will be observed at the Methodist church at Hustonville Sunday.

Rev. D. M. Walker will preach at the Goshen Christian church next Sunday night.

Rev. J. A. Trostle will preach at the Presbyterian church on next Sunday morning, June 14, at the regular hours.

An ice cream supper will be given at the Blue Lick Baptist church on the fourth Saturday in this month, for the benefit of the church. All are invited to come and help a good cause.

Revival services began at the Baptist church Sunday morning, and both morning and evening, large crowds heard Dr. Early the pastor who is doing the preaching. All are invited to attend, and much good is hoped and prayed for.

Revs. W. P. Walden, of Danville, and J. R. Mooreman, of Lebanon, are holding a protracted meeting at the Christian church at McKinney. The meeting will continue probably two weeks. Everybody is cordially invited to attend all of these meetings.

Rev. J. A. Trostle and Miss Margaret Hopper returned to Stanford on Monday after spending about two weeks at Pisgah, four miles south of Somerset, assisting Rev. W. H. Hopper in the meeting. Miss Hopper had charge of the music. The meeting has quite a success, 25 additions being added to the church.

Red Delight Killed in West

The great young champion, Red Delight, the sensational two-year-old harness and saddle mare at last year's shows, which was purchased by Mrs. J. S. Anderson, of Oakland, Calif., her recent visit to Kentucky from Dick Scudder, of McKinney, was killed last week by a street car. "Red Delight" had been entered in the \$6,000 stake at the Panama-Pacific International Exposition. She was purchased for \$2,500 two months ago, and recently Mrs. Anderson declared she would not sell for \$5,000. It was said to be the most perfectly formed horse in California. "Red Delight" was being led to pasture by a groom when, taking fright, she wheeled in front of a speeding car. Red Delight was sired by Red Light and had for her dam Diana Dare by Chester Dare 10. She won more money in the show ring last year than any two-year-old saddle stallion, mare or gelding on record. It is a greater loss to Mr. and Mrs. Anderson than the monetary one for they were greatly attached to the mare.

Higgins Cottage Brings \$1,798

GROWING ALL THE TIME
Coca Cola Company Spends a Fortune in Advertising Each Year

George E. Shields, the very popular and hustling traveling representative of the Coca Cola company in Kentucky, was in Stanford last week, selling to the trade and mixing with the many friends he has made here. Mr. Shields says that the sales for the popular drink are increasing all the time. Already the company has sold 800,000 gallons and it is expected that by the first of July the mark will be well over 1,000,000 which is certainly some "dope." The immense sales and demands for this cooling and refreshing drink are created by the tremendous amount of advertising which the Coca Cola Company does, its appropriation for the current year for advertising amounting to something like \$1,200,000 an increase of \$200,000 over 1913. This concern is carrying an advertisement in almost every country newspaper in Kentucky, the first year that it has done so. For a number of years it used the dailies and a few high-class country papers only, the Interior Journal being one of the three or four country papers not dailies, that was on its list. The company found that country newspaper advertising paid so well that it has gone to them all this year.

Name it Roosevelt Ranch

Quite an unusual series of events took place on the farm of William Grizzle one day this week. Mr. Grizzle went out to the barn early that morning and was agreeably surprised to find that Old Pride had a fine bossy by her side, the old family mare had found a colt; there was an increase of ten pigs, even the faithful old watchdog, Katg, was entertaining eight little puppies. Mr. Grizzle thought this was all, but when he started to climb up in the barn loft he met the old cat coming down the ladder with her mouth full of kittens. The place has been named Roosevelt Ranch—London Sentinel.

A. H. Baugh, of the Christian church. Mr. North was 86 years of age. He was a native of Hawkins county, Tenn., and when about 40 years of age moved to Harlan county, Ky., where he lived until about twenty years ago he joined his sons who had moved to this county a short time previously. Besides the two sons named, the deceased is survived by four daughters, Mrs. Moses Dorton, Mrs. J. F. Marsee, Mrs. C. C. Hendrickson and Mrs. Milton Dean, of Garrard county. Murder Mystery in Rockcastle, Ohio

The identity of the man murdered on East Mount near Mt. Vernon few days ago yet remains, along with the murder, a mystery. Indications are that the dead man was a peddler and was killed for his goods. It appears that he was carried to the place where found. Some "Sangers" had used the campfire close to where the body was placed but no suspicion is cast toward them as it was some days before the murder when the fire was used. For purpose of possible tracing of the dead man's identity and description is hereby repeated: About five feet seven and a half inches in height, black hair and eyes, scant mustache, weight 145 or 150, dressed in blue serge coat, yellow or khaki or yellowish trousers, yellow laced boots. Had but few trinkets in pockets such as comb, etc., and a white handkerchief with the letter "L" embroidered thereon. This man or his double had a Lincoln county peddler's license "endorsed" by County Clerk S. F. Bowman at court house here a few days before the body was found. The officers are working on clues that may lead to conviction of guilty party or parties.—Mt. Vernon Signal.

SHELTON M. BAUPLEY, Proprietor

OF A YEAR STRICTLY IN ADVANCE

Entered at the postoffice at Stanford as second class mail matter.

Announcement is made that another weekly paper is to be started at Lawrencetown in opposition to Jess Alversen's Anderson News. Just why the demand for another paper, we can't tell, for Alversen gets out a good newspaper and the field is certainly not large enough to support two papers. We suspect Alversen's penchant for speaking out in meeting rather than in print, sometimes, when things do not go to suit him in politics, or other affairs, has caused his enemies to seek to put him out of business in such a manner. We'll take a ticket on Jesse, however, Arthur Timoney, who has been doing some nice work as reporter on the Danville Advocate, will be the new editor at Lawrencetown, and should prove a splendid man for the task.

Benton After Pistol Toters

Judge Benton is going to make pistol toters of Jessamine county live hard under the new law which goes into effect this month. In his charge to the grand jury he said that the law-abiding people of Kentucky had become tired of the habitual pistol toters, and that Kentucky has mostly gained her bloody reputation from this class of law breakers. He also warned the pistol toters that under the new law he intends to give each violator of the law the maximum penalty of thirty days in jail and a fine of \$500 and costs.

Clarence E. Woods, formerly of Kentucky, and now editor of the Eustis Lake Region, at Eustis, Fla., ran last in a field of three candidates for the Democratic nomination for representative in the legislature from Lake county. His opponents argued in their campaign that he had not been a citizen of Florida long enough to ask office and this seems to have had its effect.

Shelby Oatts Has Narrow Escape

During the severe thunder and electrical storm which raged over Danville and vicinity Saturday several had narrow escapes. Mr. Shelby Oatts, the well known Stanford like farmer, had a narrow escape and it is remarkable that he and his family escaped serious injury. Mr. Oatts was walking around the house when a bolt of lightning struck the residence hurling her to the floor with violence. Mr. Oatts was sitting in a chair at the time and was shocked considerably. Long strips of weatherboarding were stripped off the house and for a time it looked as if the home would be consumed by flames. However, the blaze was soon extinguished and little damage resulted. The children were playing around the house at the time but were uninjured. The electrical storm was accompanied with a heavy rain and wind storm, causing considerable damage. Several trees were split by bolts of lightning in that immediate vicinity. —Danville Advocate.

Man Murdered in Menifee

Capt. V. G. Mulliken, of Lexington, and his bloodhounds were summoned Sunday afternoon to Cornwell Station, in Menifee county, eighteen miles from Mt. Sterling, to try to run down the murder of C. B. Collier, a farmer, whose body was found on a creek bank near Cornwell Station, the head and face having been crushed as if with a club or stone. No clue to the murder or motive for the murder were known to Charles Cornwell, who telephoned from Cornwell Station to Capt. Mulliken. The latter left at once in his automobile with two bloodhounds and hoped to reach the scene before the trail became cold.

NEW LOCAL OPTION LAW

Which is Designed to Make Business Harder for Bootleggers

The Hampton law, prohibiting the shipment of liquors for sale in local option territory and prohibiting persons from having in possession for sale liquors in such territory and which goes into effect in Kentucky within a few days, is in full as follows:

Section 1. Any person in any county, district, precinct, town or city in this state where the sale of a beverage of vinous, malt, brewed, fermented, spiritous or intoxicating liquor is prohibited by law who has paid the United States internal revenue tax permitting the manufacture or sale of any such liquors, shall be deemed to have paid such tax with an intent to violate the provisions of this section shall apply to any person who is authorized by the laws of this state to sell such liquors for medicinal, chemical, scientific or sacramental purposes.

Sec. 2. It shall be unlawful for any person to consign, ship or transport in any manner whatsoever, or deliver any of the liquors mentioned in section 1 of this act to any person in any county, district, precinct, town or city where by law sale of such liquors is prohibited, or for any person residing in such prohibited territory to receive any such liquors, unless there appears upon the outside of the package containing any such liquors the following information: Name and address of the consignor, name and address of the consignee, and the statement either that such liquors are for personal and family use of the consignee, or for medicinal, chemical, scientific or sacramental purposes. Any consignor accepting or receiving any package containing such liquors which appears a false statement, or any person consigning, shipping, transporting or delivering any such package, knowing that said statement appearing upon the outside thereof is false, shall be deemed guilty of violating the provisions of this section.

Sec. 3. All railroad, express or other transportation companies within this state, or doing business within this state, are hereby required to keep at each local office in territory within which the sale of intoxicating liquors is prohibited, a separate book in which shall be entered immediately upon receipt thereof, truthful statements of the amount and kind of liquor received, the name and address of the consignor, the name and address of the consignee, the purpose for which said liquor is intended to be used, as stated upon the outside of the package containing such liquor; the date when received, the date when delivered and by whom, and to whom delivered; after which record shall be a blank space in which the consignor by himself or his agent shall be required to sign his true name before such liquors are delivered to such consignee or his agent, which book shall be open to public inspection at any time during the business hours of said company. Such book shall contain prima facie evidence as to the character of the liquor, and shall be admissible as evidence in any court in this state. Any railroad, express or other transportation company, or any employee or agent thereof who fails, neglects or refuses to comply with the provisions of this section, or who makes, or causes to be made, any false entry in said book or any consignor or his agent who signs such false entry, shall be deemed guilty of a misdemeanor, and punished by a fine of not less than fifty dollars nor more than five hundred dollars, or imprisonment in the county jail not less than thirty days nor more than six months, or both such fine and imprisonment in the discretion of the court.

Sec. 4. In any county, district, precinct, town or city in this state where the sale of any of the liquors mentioned in Section 1 is prohibited, it shall be unlawful for any person to keep, store or possess any such liquors in any room, building or structure other than the private residence of such person and which is not open to the public or public resort. Provided, That none of the provisions of this section shall apply to druggists authorized to sell such liquors, nor to persons possessing such liquors, for medicinal, chemical, scientific or sacramental purposes, nor apply to such liquors in the process of transportation or in the possession of a common carrier.

Sec. 5. All liquors consigned, shipped, transported in any manner, received, held or possessed contrary to the provisions of this act, shall be deemed contraband.

Sec. 6. The word "person" as used in this section shall be deemed to include any individual, firm, co-partnership or corporation of any combination of individuals.

Sec. 7. Any person who himself, or by his clerk, agent or employee, shall violate any of the provisions of this act, shall, for the first offense, be deemed guilty of a misdemeanor, and upon conviction thereof be sentenced to pay a fine of not less than fifty dollars and the costs of his prosecution, or to imprisonment in the county jail not less than thirty days nor more than three months, or both such fine and imprisonment in the discretion of the court. For the second and every subsequent offense he shall, upon conviction thereof in any court of competent jurisdiction be sentenced to pay a fine of not less than one hundred dollars nor more than five hundred dollars, or imprisonment in the county jail not less than sixty days nor more than six months, or both such fine and imprisonment in the discretion of the court.

The New Automobile Law

A summary of the purposes and effect of the new automobile law, which will become operative June 16, is given by H. L. Ramsey, assistant to Thos. Byars, Commissioner of Motor Vehicles as follows:

This law provides that a State officer, the Commissioner of Motor Vehicles, shall be directly charged with the proper enforcement of this law in regard to proper licensing of cars for identification purposes. With this accomplished the local officers will be in a much better position to enforce the speed and traffic regulations than heretofore. It is the intention of the Commissioner of Motor Vehicles, to visit the various cities and towns of the state and institute proceedings against those motorists and motocylists who are found not to be complying with the law.

**BLOOD POISON**

is actually millions of germs that grow under the skin and into the blood. Dr. Bell's Antiseptic Salve applied right away would have killed those few germs and kept them from multiplying. It is ready for emergency use. Ask for Dr. Bell's Antiseptic Salve. Tell it by the B.

It is not otherwise specified and this section reads: "Any person for violation shall be fined in any sum not less than ten dollars and not more than fifty dollars or imprisoned in the county jail not less than five days nor more than thirty days or both so fined and imprisoned in the discretion of the court or jury."

This penalty applies for failure to register; for failure to properly display the tags furnished by the department; for failure to carry lighted lamps at night. The law specifically prohibits any motorist having colored lamps on the front of his vehicle as being done by a few and this penalty applies. It applies for violation of the speed regulations; applies when passing street cars when taking on or discharging passengers and in all cases where not otherwise provided.

While the department has no desire to prosecute anyone, it will undoubtedly be necessary to institute proceedings against motorists in the cities and towns of the State to make them realize that the law was meant to be enforced and that it has teeth in it to make it respected. Those who are caught in error will of course, make a great cry of persecution but with the extensive publicity that has been given to this law by the press of the state, there can be none at fault but the motorists themselves for not complying in every respect. The department has had the new law printed and it will be sent free to all who may request copies.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Juniata Street, Philadelphia, Pa.

Another Woman's Case. Providence, R. I.—"I can't speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIEL LAWSON, 126 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead, and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

MT. SALEM

As Mr. Salem has gotten quite a little place for news, will say it is almost useless for the correspondent to distribute much news. It sounds as though some class of people here already think they must know everybody's business, and try to run everyone else's affairs, instead of their own. This is quite a interesting little place. Some people around here seem to take a great delight in talking and meddling where they are not needed. Everybody in this world will have all they can do, if they run their own affairs.

W. F. Pittman, of Parksville, known to his many friends as "Doc," was here Monday shaking hands with his friends and doing some trading. Mr. Pittman says that the democrats of his section of Boyle county are almost solid for Beckham for United States Senator, and that they will give him arduous majority in Boyle without doubt.

Les Sloan, the popular young farmer near Hubble, has just returned home from a several weeks' stay at State Lick in Madison county, where he drank the water for stomach trouble which has been bothering him for some time. He took in commencement at Berea before returning home.

J. D. Steinhagen, the well-known contractor of Crab Orchard, was up from Eubank on Monday, where he has a number of nice building operations under way. He has completed a handsome \$4,000 home for Cashier F. S. Hays, of the First State Bank, and is starting upon a large warehouse for the canning factory there.

Boyd Weatherford, son of Sheriff and Mrs. J. G. Weatherford, who has been in a pharmacy school at Philadelphia, Pa., for several years has accepted a position with the Wells Drug Co., of Danville, and will be with them at the close of the summer. He is an experienced man and the firm is to be congratulated upon securing his services.

Ed Kennedy, who has been in Frankfort since early in February acting as assistant secretary of the State Board of Equalization, is back home, the board having finished its work by June 1st. Mr. Kennedy is now ready to take up his work as assessor of Lincoln county. He made a fine record as secretary of the Board at Frankfort.

News came to town from the Cedar Creek section Monday that Col. Jordan, County Attorney, the famous auctioneer of this part of the state is quite ill at his home from something like heart trouble and complications. Col. Chandler's host of friends in town court day regretted exceedingly to learn this and missed his genial presence on this occasion. They hope he will soon be himself again.

Ed C. Gaines, the insurance hustler of Lancaster, was here Monday shaking hands with his friends. A recent issue of an insurance bulletin has a nice complimentary notice about Mr. Gaines and places him third among ten for writing the most life insurance in Kentucky during the month of April of this year. Mr. Gaines represents the Penn Mutual Insurance Co., one of the best of the old line companies.

Ex-Sheriff J. M. Roberts, of Pulaski county, was on the cattle market here Monday looking for some likely stuff, but could not find anything that suited him. Mr. Roberts is one of the wheeler-dealer democrats of Pulaski. He says that Beckham is by far the strongest of the candidates for the senatorial nomination in his section, and will undoubtedly carry Pulaski by a large majority. Mr. Roberts is a very strong Beckham man and working with might and main for him.

Messrs. R. L. Smith and brother, R. L. Smith, of Hiatt, Rockcastle county, were court day visitors to Stanford, looking over the local cattle market with a view to putting some beaves on sale here soon. Mr. Smith says that the democrats of Rockcastle county are solidly for Beckham for United States Senator, and that his two opponents have practically no following there at all. Mr. Smith says also if Beckham is nominated many of the republicans will create the contrary say that they are going to vote for him in November.

J. G. Warriner, Mine Host of the Warriner Hotel at Waynesburg, was in town Saturday, having brought up a party of witnesses for a case in circuit court. Mr. Warriner is a wheeler-dealer democrat of the southern part of the county. He says that Beckham will sweep that section of Lincoln by a two to one vote over the other candidates.

Judge George Stone, of Danville, was here in court Saturday. The Judge is a democrat and a lawyer of the old school. He has been "mentioned" a number of times for different offices of position and responsibility in the judicial and congressional districts, but the lure of office has never appealed to him sufficiently for him to get into the scramble for place.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Dynamiters at Work on Dix. Fishing in Dix river is reported better than in many years, but if the reports that continue to come to our ears are correct, it will not for long remain so. From all over the country reports come of dynamiting and seining, and one old-time fisherman tells us he believes that Dix river has "been dragged from end to end."

This Kidney Remedy a Great Healer. For a number of years I was troubled with my kidneys, condition so serious that part of the time I was unable to work. Tried several remedies, also different physicians without relief. A sample of Dr. Kilmer's Swamp-Root was left at my house. I commenced to take it and continued it until I had taken several bottles and am now cured. Am 62 years of age and able to work every day. I attribute my cure to the use of your Swamp-Root.

My wife also was cured by Dr. Kilmer's Swamp-Root. My symptoms were very serious, including hemorrhages, great pain and distress. I commenced giving her Swamp-Root and it was just as healing in her case. We can heartily recommend your Swamp-Root to all kidney sufferers.

Very truly yours, H. C. GRIFFITH, Mexico, Texas.

Subscribed and sworn to before me a Notary Public, this 8th day of April, 1912. T. BENNETT, Notary Public.

Standing at Hustonville

I will stand the two great draft horses WATZMAN and FRENCH for the season of 1914 at my farm near Hustonville, at the low sum of \$10 each to insure a living colt.

Watzman is an imported German coach horse. He sold for \$3,000 originally. I have used him two seasons and his colts show for themselves what he can do, all coming large size and with lots of style. His colts show too well what he does, to need an extended description.

French is a Percheron, and a Company horse originally and sold for \$2,400. I bought him in Metcalf county, where he has done splendid work in the stud. He produces splendid colts, the big stylish fellows with fine bone and shape. He will attract attention anywhere and is the kind of a breeder owners of mares are looking for. He weighs 1,800 pounds and gets colts like him.

I also have two or three fine, big mule breeding jacks which I will also stand at \$12 and \$10.

J. K. Baughman, Hustonville, Ky.

Sudden Slump in Wool Prices

Central Kentucky farmers who have been watching the wool market before selling their spring clip, have been told by dealers that a sudden drop in prices which have been offered by local dealers and speculators, says the Lexington Leader. Within the last few days there has been a drop of over a cent per pound in domestic wools, due largely to the refusal of eastern buyers and mill representatives to take an active part in the market. The Kentucky wool clip amounts to about 2,225,000 pounds, of which about 1,500,000 pounds is grown in Central Kentucky. Nearly all of the Central wool crop has been held by the farmers' pools for various counties and sections, and the greater amounts of the wool thus placed on market has been sold by sealed bids at from 25 to 28 cents per pound.

The bids of this amount have been made by dealers who have been expectant that the eastern market would begin at once to begin the purchase of the domestic clip and that the market would show a considerable falling off in total amounts of domestic wool, due to the marketing of sheep because of both of last summer's drought and the passage of the new wool tariff schedules. The manufacturer of woollen fabrics, however, have persistently kept out of the market, and dealers who have bought to any extent are now beginning to seek a market for their purchases, and the dullness of the market has had the effect of forcing down the price to 23 cents per pound.

Buyers who have kept control of local markets and pools have expressed the opinion that the price of local wool is not likely to rise above 25 cents again this season, and is very likely to drop several points before the entire Central Kentucky clip is marketed.

Moody, the old stable and about three and one-half acres of the Bailey property adjoining the Kentucky Trotting Horse Breeders' Association track at Lexington and will erect new stables and have his training stable there next season. Mr. Moreland has at present in the new stable erected by Henry Schumacher the most attractive saddle horse quarters of any man in the state, and is well fitted up to handle the "equines beautiful." Mr. Moreland has called in his crack five-gaited saddle horses that he has had wintered at Woodburn in charge of Sterling Nicol and his father, Cascade was purchased during the past winter by Moreland and left with his developers while Maple Leaf was bought by Mason county by Moreland and sent to Nicol to give a little education. Moreland has been especially well pleased with the way his horses have been doing and had anticipated bringing them home in the winter but after seeing them work, decided to leave them a bit longer. Maple Leaf is said to be especially improved and, as those who saw her last season are familiar, was quite a good mare at that time. Maple Leaf is a daughter of Cluster, a son of Chester Darg.

How About That House
You're Going to Build?

The importance of deciding upon the best material cannot be over-estimated. You want something which will be both durable and lasting. Of all the building materials, there is only one which is absolutely durable concrete.

If you decide on concrete as the building material you want to use, you should be sure and get the right kind of Portland cement. There are so many kinds of Portland cement, that it is essential that you get one which you can be sure will always produce satisfactory and uniform results.

will give you satisfaction because it is ground fine enough to give a most perfect binding power, and is tested at frequent intervals for its quality and uniformity. Let us figure on your requirements.
